Parvin & Monroe, General Newspaper Agents, No. 36, Walnut street, are authorized agents for the Nash-ville Union in Cincinnati.

C. M. Carroll, is our authorized agent for the city of Memphis. He can be found at the P. O in that city. PARTICELAR NOTICE — No charges will be allowed against the "Umon and American office" or the firm unless author-ized by special order from the firm.

TUESDAY MORNING, JUNE 7, 1853.

A SWINDLER-Betwixt two and three weeks since, a Scotchman of very agreeable manners and prepossessing appearance, presented himself to his countrymen in this city, stating that, owing to long continued sickness in Louisville, and subsequently in Bowling Green, he had been reduced to great necessity. The name that he gave himself was WM. STEWART JACK. He stated that he was a native of Lanark, had been brought up to the dry goods business in one of the first houses in Glasgow, and that his desire was to find employment, by which he could support himself. His specious manner made him many friends among his countrymen, and he was received on trial in the counting room of Messrs, Snow, Mackenzie & Co.

The lamented death of Mr. Snow last week, called Mr. MACKENZIE's attention from the business so much that more confidence was reposed in him the Shotwell passed that point from 8 to 9 minutes than was probably right to show to a stranger. He was found to be invaluable in a business point of view; but on Saturday night he got possession of the key of the safe to lock up the books that had | Cairo is conclusively preven to have been from Sh been in use during the day, and took that opportu- to 10 minutes the quickest. nity to abstract from the safe, in notes, \$106: GRAVES & SHANKLAND'S Check on Hobson & WHELESS | lowing : for \$42 50, payment of which has been stopped, a gold watch valued at \$50, and a silver watch worth \$10 or \$12.

He left Mr. MACKENZIE'S house, on Vine street, on Saturday night, after supper, since which time he has not been heard of. The robbery was not discovered until Monday morning at 7 o'clock.

The said WM. STEWART JACK is 25 or 28 years of age, is about 5 feet 9 inches high, of fair complexion and hair of a dark brown, speaks frequently with broad Scotch accent, has an agreeable manner and a fund of information. He has some cutaneous time piece, Tuesday, 17th May, at 2 o'clock and disorder which shows itself in an eruption on his | 24 minutes, P. M., and the Shotwell passed Cairo hands and various parts of his body.

He has an entire new suit of clothes furnished him by the house in which he was temporarily employed, consisting of a bombazine coat and pantaloons, checked waistcoat, leghorn hat, and boots,

It is probable that he has taken a route to Charleston, S. C., and editors there would do well to put people there on their guard, lest be deceive others as he has those who trusted him here.

STABBING .- There was an affray at the Railroad Depot in this city on last Sunday evening between Mr. WEATHERFORD, one of the night police, and a man named Syxsky, in which the latter was mortally wounded. The difficulty was occasioned by Syxsky using some abusive epithets to Weatherford's wife. Weatherford immediately

We learn from the News, of yesterday eve- the separated portions of the tree, and, two years ning, that the house of Mr. C. Collett was en- afterwards, cherries are produced of the usual antered on Sunday night by some thief, who stole his pantaloons, which contained the sum of \$124.

CIRCUIT COURT, Monday, June 6 .- MAYOR and ALDERMEN of Clarksville, vs Freids and Martin, In this case the jury being unable to agree, it was dismissed and a mistrial granted.

DRAKE TS JAMES .- An action for damages for want of proper care and attention to a hired negro who died of the small pox while in the employ of defendant. The testimony was given in, and the cause was under argument when court adjourned till this morning.

NASHVILLE, June 4, 1843. To the Editors of the News :

Messes. Entrops:-I noticed in your paper a few days since a call upon me by 'MANY FRIENDS' to become a candidate for the office of Mayor of this

I do consent to become a candidate, and hope to be elected by many friends. Very resp'y. D. TRIGG.

SINGULAR DIVORCE CASE.-A curious case was before the Circuit Court in New York, on Fridayan application from Mrs. Hetty Carsen to have a divorce between her son, Isaac O. Carsen, and his wife, on the ground that he is a lunatic, and was so at the time of his marriage. The effort is to show that he was inveigled into the marriage by the lady and her friends, on account of his fortune. No de-

HAIL STORMS IN TEXAS.-Texas papers of the 17th inst. record a series of violent hail storms .--It is said that in Washington county the stones were as large as goose eggs, and covered the ground to the depth of over a foot. Of course, great dam-MEMPHIS AND CHARLESTON RAILBOAD.—The cars

run regularly between Tuscumbia and Decatur .-The Memphis and LaGrange portion of the road is nearly or quite finished, so that only about 100 miles staging now intervenes between Memphis

IN MARVEL APPOINTED A CONSUL-The Donald G. Mitchell, who has been appointed Consul to Venice, is no less a personage than the celebrated Ik Marvel, the great dreamer, who has written the "Reveries of a Bachelor," and other works of

The Fort Wayne and Chicago railroad was put under contract a few days since, and will be completed in 1854. This road is a continuation of the Ohio and Indiana road, and, when completed, will open another direct line between Chicago, Philadelphia, New York, &c.

A newspaper writer goes in strong for encouraging the whale fisheries on the northwest coast Behring's Straits, and says we shall want all the whale oil that the Artic ocean can supply, to grease the wheels of the Pacific Railroad—That's a fact.— Send out more ships at once. Let us not forget

The last railroad train between Cincinnati and Cleveland now make the run of 254 miles in nine and a half hours, including stoppages. This is at the rate of 26 miles per hour, stops included; and at the rate of 38 miles per hour for actual running

At South Boston, after long search for a lost child the other evening, application was made to the teacher of the school where he attended, for such information as she might posesss. After long efforts to restore memory she recollected that she had locked him up in the "dark hole."

GENTLE HINT .- A country editor invites the attention of delinquent subscribers to the 6 h chapter of Luke, 31st verse.

Six ocean steamships arrived at New York between Monday evening and Tuesday morning. South Carolina Railroad stock was sold in Charleston on Friday last, at \$123 per share. The North Carolina University now numbers

in many counties in Kentucky.

The fly, it is said, has appeared in the wheatin Washington county, Md., and is playing sad havoc with whole fields.

Mr. Henry Plowman, formerly of Yok, Pa., has been appointed receiver of the public moneys at Mineral Point, Wisconsin. Joshua Goings, charged with killing his daught-

er, in Albermarle county, Va., has been convicted of murder in the first degree. Thus far the female emigration from England

to Australia amounts to 138,476.

THE ECLIPSE AND SHOTWELL.

The Louisville papers publish a mass of evidence to prove that the Eclipse made the run from New Orleans to Louisville in less time than the Shotwell. Capt. Srungeon, of the Eclipse, says :

It must be clear to all who have considered the nuestion, that it can be correctly settled but in one way, and that is by ascertaining the exact time each boat left a fixed point in New Orleans, y the same time, and the arrival at Portland in the same way. Appended to this card are copies of certificates, (origina's of which may be seen at the office of Benedict & Carter.) from gentlemen of the highest respectability in New Orleans, the correctness of whose statements will not be assailed, establishing the fact beyond the possibility of a doubt, that by the same watches, held on both our boats from the same points of view, the Shotwell left N. Orleans from 161 to 19 minutes earlier than the Eclipse-and similar certificates, from gentlemen of equal respectability in this city, and Portland, which as conclusively establishes the fact that the Eclipse reached Portland earlier, than the Shotwell-and thus the main fact that the run of the Eclipse was quicker than that of the Shotwell is irre-

There are few impossibilities, but it is clearly an impossibility for the A. L. Shotwell to leave New Orleans earlier and arrive at Portland later than the Eclipse, and yet make the trip from port to port in less time-let the figures published by the officers of either boat be what they may.

There is another point to which I wish to call public attention. I allude to the run to Cairo. There was usual interest felt in the run of these boats to Cairo, and the published time of the Shot-; well makes her run a few minutes the quickest. But the certificates I now publish from those in charge of both the wharf boats at Cairo, show that earlier in the day than the Eclipse. The New Orleans certificates show that the Shotwell left that point from 164 to 19 minutes earlier than the Eclipse, consequently the run of the Eclipse to

The certificates are all to the effect of the fol-

NEW ORLENS, May 25, 1853. This is to certify that the Eclipse left N. Orleans by my watch, at four minutes to ten o'clock, A. M ... and the Shotwell at twenty-one minutes before ten A. M. Difference 17 minutes. JNO. S. WALLIS.

Thereby certify that I took the time of the Eclipse and Shotwell passing Cairo, on their late trips, and by my watch and time piece, which had not been altered, and which I do not believe varied during the intermediate days, there was a difference of eight minutes in favor of the Shotwell. Toat is the Eclipse passed Cairo by my by the same time piece at 2 o'clock and 16 minutes, P. M. on Friday, the 20th May.
W. S. CHAPMAN,

On A. Norton's Wharf Boat, Cairo, Ill. This is to certify that I was on the landing when the steamers Eclipse and A. L. Shotwell arrived, and that the Eclipse arraed at ten minutes before eight o'clock, and the Shotwell arrived at eleven nutes before eight o'clock-both boats timed by same watch and to same point. A. J. GIVEN, Wharf Master, Portland.

Cherries without stones have been produced France, by the following method: In the Spring, before the circulation of the sap, a seedling cherry tree is split from the upper extremity down to the fork of its roots, then, by means of a piece of wood in form of a spatula, the pitch is carefully removed from the tree, in such a manner as to avoid any excoriation, or other injury; a knife is used only for commencing the split. Afterwards, the two sections are brought together, and tied with woollen, care being taken to close hermetically with clay, the whole length of the cleft. The sap soon reunites

L. H. SIMPSON & SONS. NO. 19, BEAVER STREET, NEW YORK. BY TELEGRAPH.

TELEGRAPHED FOR THE LAND AND AMERICAN. New ORLEARS, June 6, p. m .- The Daniel Webster has just arrived. She brings California dates to the 16th of May, being a fortnight later than any previously received. She has only one or two straggling papers, and will send her news the instant they are obtained. Arrived at San Fran-cisco May 15th, the ship Hugenot from New York. The Daniel Webster, connected with the Sier-Naveda, forumately making the trip through

n San Francisco in twenty days and a half. She left at the port of San Juan the sloop of war Albany, and the brig Indus, from New York She reports that the Prometheus sailed for New York on 31st with 420 passengers. California news meagre. Mining accounts are favorable. The Sonora Herald records many lucky discoveries of large lumps and also new diggings

discovered on the Umpqua river, where miners had taken up lumps valued at \$300 to \$900. By this arrival we have dates from the Sandwich Islands to the 16th April. The King at the opening of Parliament nominated his adopted son Seliko as his successor, which had been sunction-

ed by the nobles. No more news. San Francisco papers of the 16th only received. The dates from the 1st to the 15th have failed, and are now due by the Philadelphia.

New ORLEANS, June 6, - Ohio flour steady at \$4a\$4 10; prime corn 52c; bacon sides 7 % a7 %; rope, 800 Kentucy, 1; mess beef scarce at 14; star candles 22; whisky 1814; fair sugar 3%; prime molasses 18a19; Rio coffee 81/a9, and wo cargaze - received.

PROPOSALS FOR TIMBER, LUMBER, &C.

Bureau of Construction, &c., May 12, 1853.

SEALED PROPOSALS to turnish timber, lumber, &c., (endorsed proposals for timber and lumber, as the case may be, naming the navy yard and class for which the offer is intended,) will be received by this bureau to three o'clock, P. M., of the 20th day of June naxt to be delivered. under contract at the several navy-yards hereinafter named, free of expense to the United States, and at the risk of the

ontractor.

One fourth part of the timber, lumber, &c., required at each navy-yard must be delivered on or before the first day of July, one other fourth part on or before the first of September, one other fourth part on or before the first of November, and one other fourth part on or before the thirst of November, and one other fourth part on or before the thirtieth day of December, eighteen hundred and fifty-four.

All the aforesaid timber, lumber, and other articles, must be of the core best quality, subject to inspection, and must All the aforesaid timber, lumber, and other articles, must be of the very best quality, subject to inspection and measurement, and be in all other respects in conformity with the stipulations contained in the "Printed rules established for the inspection and measurement of timber for the macy of the United States," copies of which may be seen at either as many agent's office. All the aforesaid articles are required to be in all respects satisfactory to the commandant of the many yard where the same shall be delivered.

The vellow rule allow of the commandant of the navy yard where the same shall be delivered. of the navy yard where the same shall be del vered.

The yellow pine plank stocks must be of the very best quality of long leaf, one grain Southern yellow pine, the sap to be excluded in the measurement. The white oak timber and plank must be felled between the 1st of October and the 1st of March, and must have grown within sixty miles of the sea coast; must be stripped of the bark, or hewed within twenty days after this felled, and placed clear of the ground, of which satisface are recleared to the same coast. of which satisfactory evidence must be given by the con-tractor, by the production of certificates signed by two re-spectable witnesses, with their depositions, under oath, be-fore some judge of the court or magistrate within the town-ship or county where the said white oak timber and plank was felled.

was felled.

Persons whose offers may be accepted will be required to enter into contracts, which, besides other conditions, will expressly provide that, in case they shall in any respect fail to perform the contracts, the same may be, at the option of the United States, declared null and void, without affecting the right of the said United States to recover for defaults which may have occurred; with the stipulation that, if default shall be made by the contractor in delivering all or any of the articles contracted for, of the quality and at the times and places named, that then, and in that case, the contractor and his sureties will forfeit and pay to the United States, as liquidated damages, a sum of money equal to twice the conliquidated damages, a sum of money equal to twice the con-tract price, which liquidated damages may be recovered

tract price, which liquidated damages may be recovered from time to time as they accrue.

Approved sureties in twice the estimated amount of each contract will be required in the manner set forth in that instrument, and ten per centum in addition will be withheld from the amount of each payment as collateral surety for its faithful performance. Ninety per centum of each bill, approved in triplicate by the respective commandants of said navy yards, will be point by the navy agent at the point of delicery within thirty days after its presentation to him.

Every offer must be accompanied by a written guarantee (the responsibility of the guarantor or guarantors to be certified to by a navy agent or other official person, or by some one known to the bureau) that, if the offer be accepted, the bidder or bidders will, within ten days after the receipt of the contract at the post-office designated, execute the same, with good and sufficient sureties, to furnish the articles proposed, agreeably to the terms specified in this advertisement, or which may be embodied in the contract. The law of 10th August, 1846, forbids the consideration of all proposals not August, 1846, forbids the consideration of all proposals not

Angust, 1846, forbids the consideration of all proposals not accompanied by such guarantee.

Bidders are particularly cautioned to endorse their offers as above required, that they may be distinguished from other business letters, in order to prevent their being opened be ore the day appointed.

All offers not made in strict conformity with this adversal of the considered or rejected. tisement in every particular will be considered or rejected at the option of the bureau. Those only whose offers may be accepted will be notified, and contracts forwarded with-

Persons offering are directed to designate the post office rersons onering are directed to designate the post office through which they desire to be addressed, and the navy agent to whom the contract shall be sent for execution.

All editors authorized to publish this advertisement will be specially notified by this bureau. None others will be paid for its insertion.

Bilds must be separate and distinct for each newy yard and for each class of articles and for each new yard.

and for each class of articles, and must in all cuses em-brace all the articles mentioned in the class for which the bid is made. The cost of each item must be distinctly carried out, and the aggregate of each item must be distinctly carried out, and the aggregate of each class co-rectly footed up, which is material to a fair comparison of bids.

No extension of time for deliveries under any contract will be granted, and penalties for non-fulfilment will in all cases be rigidly enforced; bidders are, therefore, requested to offer for no more than they are sure they can furn's b within the time specified.

TIMBER. FORM OF AN OFFER POR TIMBER, LUMBER, &c.

Sir: I (or we) agree to furnish and deliver at the navy-yard at _____, in conformity with the requirements of the advertisement of the bureau of construction, equipment, and repair, of the 12th of May, 1853, the several articles of (timber, tumber, &c., as the case may be,) enumerated in class No. —, or classes No. — and No. — for that yard, to CLASS No. -

cubic feet of yellow pine plank stocks: at —
cts. per cubic foot
—cubicfeet of promisequous pellow pine timber,
at — cts. per cubic foot -cubic feet of white oak plank stocks. at

If my bid be accepted, I desire to be addressed through the post office at _____, and the contract to be sent to the navy agent at _____, for execution.

Respectfully, your ob't serv't.

A. B.

To the Chief of Bureau of Construction, &c., Wash-logton, D. C.

We, the undersigned, residents of _____ in the State of ____, hereby guarenty, in case the foregoing bid of _____ be accepted that (he or they) will, within ten days after the receipt of the cost act at the post office designated in said bid, execute the same, with good and sufficient sureties; to furnish the articles proposed, in e-nf. mity with the terms of the advertisement under which it was made.

E. F. I horeby certify that, to the best of my knowledge and be.

ef, the above-named guaranters are good and sufficient. G. H. Navy Agent. FORM OF ENDORSEMENT On the envelope transmitting the offer:
"Proposals for Timber,"
